25 lbs.	1.75 lb.	3.50 lb.	10000	12.00 per 1000	8.00 per 1000
50 lbs.	1.50 lb.	3.00 lb.			

All prices f. o. b. Bridgeton, N. J. (Cultural Directions sent with each order.)
Special discount on larger quantities; prices on application.

SEED will be shipped a few days after order is received.

ROOTS (CROWNS) will be shipped at the usual Spring digging time in March or April, or during November and December for Fall plantings.

PLANTING—Seed is spaced about one inch apart in the Seed Row — Roots are spaced two to three feet apart in the Asparagus Trench and trenches 4 feet to 5 feet apart, for Garden Plantings—and from eighteen inches to two feet apart in the trench and trenches 5 feet to 6 feet apart, for Commercial Plantings.

FIVE POUNDS OF SEED sown on one acre should produce 35,000 to 40,000 roots and setting 5,000 roots per acre should plant 7 to 8 acres of asparagus.

CULTURAL DIRECTIONS sent with each order, show the methods of Soil Preparation, Fertilization, Planting, Cultivation, Spraying, etc., as practiced by the best Jersey Growers; we think they will be helpful to you.

PAN-AMERICAN BLACKBERRY PLANTS

—The newly developed "Disease Resistant Variety" ("Crown Gall" Resistant), Certified by the N. J. Dept. of Agriculture, to be free from dangerously destructive plant diseases. 12 Postpaid for \$5.00. 6 Postpaid for \$3.00. 2 Postpaid for \$1.00. Larger Quantities priced on application. Shipments cannot be made until March or April when plants are ready for transplanting.
